LORI PETTIT VOLUNTEERS TO BE ASSISTANT NEWSLETTER EDITOR

We're pleased to announce that the Southport Sun now has an Assistant Editor. Her name is Lori Pettit from over on Bubba Drive. She and her Mom Carolyn Yates moved here to Southport this past December (Lori from Thonotosassa and Carolyn from Port Charlotte).

Lori and her younger brother Mike grew up in Wheeling, West Virginia. During her Senior Year in High school Lori joined the U.S. Army and in August, 1984 she was off to Fort Jackson, South Carolina for Basic Training. Then it was off to Fort Gordon, Georgia where she trained in Electronics Repair for Communications Equipment. Upon completing her training at Fort Gordon, she was assigned as a Field Communications Security Equipment Repairer at Fort Hood Texas where she would remain until May of 1988. She then joined the Florida National Guard and was officially discharged on January 1st, 1990. Lori holds a degree in Environmental Science and Policy from the University of South Florida, Tampa. The span of her professional career included 15 years of experience in water treatment and utility operations (she was Program Manager/Water Quality for Albuquerque Bernalillo County in New Mexico from 2012 to 2017, Senior Plant Operator at the Hillsborough County Water Resources facility here in Tampa from 2002 to 2009 and more recently was Founder and Chief Operating Officer of "Chix That Fix", a business that provided property maintenance and small job home repairs. Her crews consisted of handy women who were OSHA certified in job safety and NCCER (National Center for Construction Education and Research) trained in introductory craft skills.

In speaking with Lori, she shared the following; *"I love to tell stories. There's power in story telling that can unite people. I believe that kindness is the highest good and I believe that everyone I meet deserves kindness. I love our dogs Penny and Tonka. They bring us joy and they also give me yet another means of meeting people. Mom and I love it here and we look forward to being a part of this wonderful community."* So the next time you run into Lori, introduce yourself, welcome her to Southport and wish her well in her new position as Assistant Editor of **The Southport Sun**; your community newsletter.

THANK YOU FROM THE BOTTOM OF OUR HEARTS

It was a great turnout for the Caterpillars to Butterflies Loaded

Baked Potato Dinner held here in Southport last month. We were able to present Tracy Hanson founder and President of this great non-profit organization a total of **\$2,100.00**

To our prize donors Bev Prince, Ron Hargrove, Dianna Bredeau, Carmen Seminerio and Karen Muncey for the Wine Package, Bett Stiefel for the beautiful Quilt, Tori Maxim and Judy Thiese for their wonderful Artwork, Earl Hines for a Round Of Golf For Two and Culvers for the eight Value Meals; we thank you from the bottom of our hearts, and please know that we deeply appreciate your support.

We'd also like to thank

Sun's General Manager Sean Rankin for donating the food and Parkway Tavern Manager Karen Muncey and her staff for preparing it. It was enjoyed by all. Thanks also to HOA Board members Ruthann Brown, Marti Vest, Lee Edwards and Pam McGregor (who served up an amazing vegetable soup), Bereavement Committee members Sandy Fenlock, Val Lebo, Winnie Quartucci and Nancy Whitney and members of the Servant Hearts group including Doug and Diane Baulch for all their hard work in helping to set up, serve, clean up and putting the room back in order. It takes a team to create a "Dream"!

Finally, to everyone here in Southport; thank you for supporting us by purchasing dinner tickets, for your donations, for purchasing raffle tickets and for your time and talent. Not only do the Caterpillars to Butterflies kids win; we all win. **Go to page 11 to learn more about this wonderful organization.** Thanks again.

A Word on Loving Neighbors

'Love your neighbor'
Is not just a phrase
That you recite
When giving God praise
It's a way of life
For you to adopt
To LOVE everyone
Like them or not —
For you don't necessarily
Need to agree
With the way of living
That others may see
But to love is a choice
That only you can make
So just think of your
neighbor
As yourself — for
God's sake!

© Fran Landry

"For the entire Law is summed
up in one commandment:
'Love your neighbor
as you love yourself.'"

A PLACE OF HONOR

This past October at a "Thank You" luncheon hosted by OneBlood for our heroes (blood donors) here in Southport, OneBlood representative Brian Olson posthumously honored our very own Maggie Hein for all her hard work, commitment and dedication in helping to educate and encourage folks to participate in this very important "life saving" effort. OneBlood representative Brian Olson along with "Gift of Life" leaders Joe Grigevich and Lauren Waterman

recently got together and hung the beautifully framed award in the lobby of our Little Clubhouse. The "Gift of Life" ministry and OneBlood would like to thank Sean Rankin, Sun's General Manager here at Southport for authorizing this place of honor for our dear friend, neighbor and life saving warrior Maggie Hein.

Can I Donate?

**Broadly speaking, if you're
at least 16 years old (and I'm
pretty certain we all meet
that hurdle), are in good
health, feeling well and
weigh at least 110 pounds,
then you can absolutely be
a donor.**

**However...
there are a few conditions
and prescribed medications
that would disqualify you
from donating.

**When in doubt,
it's best to speak
to your
physician.**

I DREAMED A DREAM OF DAYS GONE BY

February's HOA Bus Trip brought us to Ruth Eckerd Hall for a truly amazing performance by an equally amazing troupe of performers. Songs from some of Broadway's smash hits like Mama Mia, Evita, Phantom of the Opera, Oklahoma, Jersey Boys, Les Misérables (just to name a few) captivated the audience from the moment the curtain went up until the final bow. Before the show, everyone had the pleasure of spending some time together as they enjoyed a wonderful pre-show brunch buffet. Everyone agreed that the Fall 2023/Spring 2024 Bus Trip Schedule needs to include a trip back to Ruth Eckerd.

DIAZ INSURANCE GROUP

Manufactured Home Insurance Specialist

Why insure your manufactured home? Because it's an uncertain world, and a top quality insurance policy can give you peace of mind. It's a way to protect your home, belongings, your family and your lifestyle.

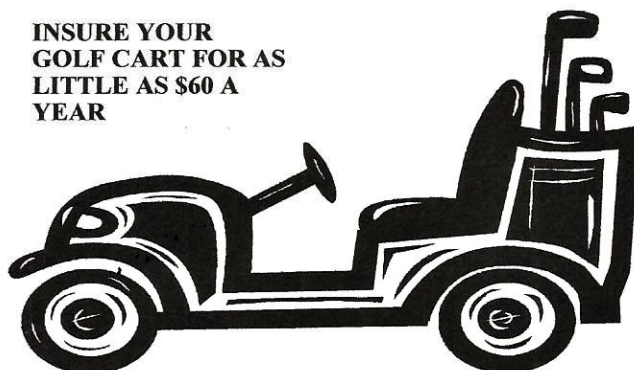

Most manufactured home insurance policies provide two basic kinds of coverage. But the amount and degree of coverage can vary dramatically from one policy to another. That's why it's so important to choose an agency that is familiar with insuring manufactured homes properly. Do your research. A professional agent can help you figure out the coverage and limits you need.

Caterpillars to Butterflies is a non-profit organization whose mission is to provide children at risk with the resources and opportunities so they can flourish. The organization aims to help children accomplish goals, explore

passions and participate in activities that boost their enjoyment of life. It was founded here in Dade City in 2018 by Tracy Hanson who at the time was a "Guardian Ad Litem" (someone who is appointed by the court to represent the best interests of a child in a legal proceeding). As a Guardian Ad Litem, Tracy quickly realized that the kids she was working with had little opportunity to participate in activities that would help build their self-esteem and to feel a sense of belonging. Due to a lack of funding, these kids weren't (aren't) able to participate in things like sports, dance, gymnastics, music, the arts or anything else they dream of. Once she established the foundation, Tracy found other areas that her organization could help with such as opening their Foster Closet and helping to provide back-to-school supplies and shoe gift cards. Every year they pass out Easter Baskets and host a Christmas Carnival. This past December they had 336 foster children at their Christmas event and after four hours of crafts and games, Santa paid a

visit and gave each one of them a gift. **"To date we've been able to help over 2000 kids and I'm very proud of what we've been able to accomplished because of the generosity of people such as those that supported us last night at the Southport Springs fundraiser".** In 2019, Caterpillars To Butterflies and their founder, Tracy were recognized by the U.S. House of Representatives with a Special Congressional Recognition Award for outstanding service to our community and bettering the lives of children. HOA NEWS *Barbara Holdridge, President*

The 2023 HOA Board of Directors election is now complete. Our HOA Officers and Directors include myself as President, Sue Redshaw as Vice President, Teresa Hall as Treasurer and Desdie Eberman as Secretary.

Board member Lee Edwards will chair the Social Activities Committee and Board member Charlene Maxwell will chair the Entertainment Committee. A Welcoming Committee Board member and chairperson will be determined at a

later date. I'm pleased to also announce that Bob Schutt will continue as Assistant Secretary.

We look forward to serving as your representatives to Sun Communities and you the residents of Southport Springs. Our thanks to the 2022 HOA Board for their commitment to our community. You made 2022 a very successful year for our community.

The Southport Sun

As Of January 1st 2023 "The Southport Sun" (our community newsletter) became an "On-Line" publication only meaning we are no longer distributing hard copy throughout the community. As has always been the case, you're able to view the newsletter on line at southportspringshoa.com

HOWEVER

Anyone wishing to have a hard copy can purchase a subscription through the end of this year at a cost of \$2.00/month. Also - Snowbirds are able to purchase partial year subscriptions as well.

Subscription forms are available in the lobby of the Little Clubhouse in the 'Forms Rack' located above the HOA mailbox which is to your immediate right when you walk in the front door.

Note: Subscribers can pick up their copy on the first business day of the month in the Coffee Café between 9:30am and 11:00am

What Is A Cricut Machine?

Cricuts are electronic cutting machines. You may also hear them referred to as craft plotters or die-cutter machines. They're able to cut various patterns and designs with great speed and accuracy, making them very popular with "Do It Yourselfers" and professionals alike.

Cricut machines are able to cut designs into various types of materials including cardstock, vinyl, paper, foil, and fabric. Some of the best Cricut machines are even capable of cutting intricate designs into wood, leather, and other thick materials.

There are tons of cool ways to use a Cricut maker around the home. Once you get one and start experimenting with it, you're likely to think of numerous ways you can use it to simplify your life or make creative masterpieces. Below are just a few of the things you can create with a **Cricut**.

SPS VET'S COMMITTEE UPDATE

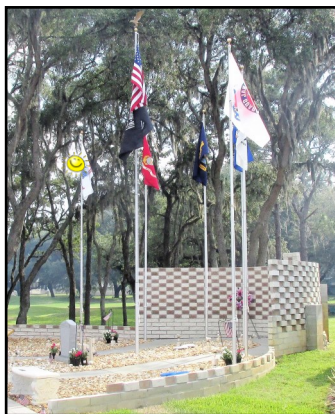

We're planning an active year ahead in our ongoing effort to help Veterans in need and their families wherever we can. As we move forward through the year, your assistance will be needed and as always, is deeply appreciated by all of us as well as those families that your donations touch.

This month our appreciation, thanks, and recognition goes out to those who have volunteered to help raise and lower our "Grand Old Flag". We can use a few more volunteers. The sign-up sheet is on our community board across from the workout room in the main club house.

Please make the following note on your calendars. March 10, 2023 the Veterans committee will present our second annual **"Bob and the Boys + Friends**

Dance" This event is free. However, your donations are a very important part of this event. Based on last year's attendance, a large number of residents are expected. Our overall challenge and objective is to keep you dancing, laughing, and singing. More on this event later this month.

To close, we offer a little trivia. **"Why does our flag have 13 stripes and 50 stars?"** The 50 stars represent our total number of states and each of the 13 stripes represents one of the

original colonies. We look forward to seeing you somewhere around the community. Hopefully, at the Bob and the Boys March 10th dance.

Thanks for reading. We plan to reach out and keep everyone updated and informed monthly. Thanks again.

Ragged Old Flag Johnny Cash

*I walked through a county courthouse square
On a park bench, an old man was sitting there
I said "Your old court house is kind of run down"
He said "Naw, it'll do for our little town"
I said "Your old flag pole is leaned a little bit"
And that's a ragged old flag you got hanging on it
He said "Have a seat", and I sat down.
He said, "I don't like to brag, but we're kind of proud
of that Ragged Old Flag...She's been abused, burned,
dishonored, denied and refused...And she's getting
thread bare and wearing thin. But she's in good shape
for the shape she's in.*

ALL TOGETHER THEY'VE BEEN MARRIED 184 YEARS! WOW!

A great time was had last month when six Southport couples competed in the "Not So Newlywed Game". It was non-stop laughter as game show host Darlene Lambert put each of the contestants on the "hot seat" trying to find out how well these long time soulmates knew each other. Some of the responses were hilarious and the looks on some of the contestants' faces were even more hilarious! When all was said and done, Bob & Lisa took home the grand prize (a \$25.00 gift card). See you all next time.

GROWING GERANIUMS IN FLORIDA

Bob Gallion rcgallion@gmail.com

Geraniums are a longtime favorite of gardeners around the world. They are relatively easy to grow, beautiful, and some release a fragrant scent. To maximize plant growth and help ensure a healthy plant, quality soil and a properly blended nitrogen, potassium, and phosphorus (the N-P-K ratio) fertilizer is needed. This, in turn, provides nutrients to the plant's root system.

All the best geranium fertilizers contain micro-nutrients essential for the various geranium types you may encounter. Growers working with geraniums advise customers to use fertilizers with either a balanced nutrient, N-P-K ratio of 1-1-1 or similar blends such as 5-5-5. As an alternative, fertilizers with less nitrogen than phosphorous and potassium are recommended. A list of those products is a part of this article and will be shown later. These blends will encourage more blooms rather than having the plant divert energy into expanding foliage during active growth periods which a high nitrogen content fertilizer will cause to happen. Do not use high nitrogen content fertilizers. Follow all guidelines provided on the container label.

Plant geraniums in containers 3/4 full of moistened potting soil. Plant starters 6 to 8 inches apart. For example, a 12-inch hanging basket will hold four transplants equidistant from each other. Press the soil firmly around the roots of transplants and water them until water begins to emerge from drainage holes.

Geraniums cannot stand a hard freeze, high heat, or the rainfall and humidity-conditions that occur in most parts of Florida during summer. They prefer daytime temperatures of 70°F to 85°F with nighttime temperatures of 65°F to 75°F. This means when planted inground they're at risk as the rainy season arrives and temperatures soar past 85° on a regular basis which is usually the primary reason your "in the ground geraniums" die out as we get into late June. Geraniums need 6 hours of sun. When planted outside the time of exposure to sun light can easily pass that time parameter further expediting their demise. When you add high temperature, rain, and excessive sunlight exposure, together it is easy to see why

they don't do well from late June to late September when planted in the ground

Water a potted plant often keeping the soil moist not wet. While the plants can tolerate some dry days, keeping them dry for too many days in a row will significantly reduce or halt blooming. The best days for geraniums in Central Florida to stay healthy is from late September to early June. They must be protected from low temperatures. Container grown geraniums offer us benefits over in ground plants. They can be moved protecting them from the elements and extending their life. Remove spent blooms weekly to encourage future growth.

Geraniums are naturally resistant to many plant diseases but check over the plants regularly to make sure nothing is going on. Geraniums do not do well sitting in soggy soil. Again, containers are recommended and must have drainage. Root rot or fungal disease will be likely when soil is too wet. In ground geraniums are usually done when long days, summer heat, and seasonal rain takes over.

Some geraniums are called scented. The fragrance comes from aromatic leaves when crushed or rubbed. They can smell like mint, rose, lemon, cinnamon, or chocolate. Generally speaking, geraniums are fall, spring, and early winter flowers.

In review, during extreme summer heat, moisture, long hours of direct sunlight, or winter cold, container planted geraniums can be moved to more compatible locations as our seasons change.

There are times when geraniums do not bloom. This usually occurs when a high nitrogen fertilizer is used, soil is kept too dry, temps are too low, or spent blooms are not removed. When temperatures are near or below 32°F plants should be moved indoors. Geraniums are usually not attacked by insects, but you should remain vigilant.

As mentioned earlier, here is a list of fertilizers found to be best for geraniums. ALGO plus Geranium and Patio Plants Food, Fertlome Plant Food, JR Peter's Professional Fertilizer and Liquinox Bloom Fertilizer.

Enjoy your geraniums!

Golf Club

Jim Teixeira, President

We've survived the Florida 'Winter'! The weather is great for everyone to get outside and get on the course. A thank you to everyone who participated in the 'SPS Resident Golf Tournament'. We raised almost \$1,500.00 to support the SPS Resident Golf Association activities for 2023.

Winners were:

1st Place - winning the tie break - Gerald Knierim, Everett Holdridge, Nick Miller, and Gary Miller

Putting:

(Ladies) - Wendy Kibler
(Men) - Nick Miller

Closest to the Pin:

(Ladies) - Bett Stifel
(Men) - Nick Miller

Chipping:

(Ladies) - Betty Texter
(Men) - Jerry Pritchard

Beverly Prince won the raffle for a new set of golf clubs & bag courtesy of Earl Hines & Sun Communities. Additional prizes for winners and the raffle were provided by Earl Hines & Sun as well.

At the January SPS Resident Golf Association Meeting we discussed the following scheduled golf events:

February 18th: Men's Ryder Cup and

February 19th: Ladies Ryder Cup

For all SPS competition tournaments, players must have a valid/current USGA GHIN handicap with at least 8 scores entered in the USGA GHIN system within the past 90 days.

The next SPS Resident Golf Association meeting is scheduled for February 7th, 2023! All interested SPS All resident golfers are invited and encouraged to attend. Southport Springs Golf has published 'Local Rules and Regulations' which are available in the Pro Shop. Please review them for familiarity. If you observe a violation by an 'Outsider' or a Resident, please call the Pro Shop at 813-780-7637. Your responsibility is to comply with the rules and to report rule violations, not to enforce them. That's Sun's responsibility. You are free to contact me regarding on-course issues so I can bring them to the attention of Earl Hines, Sun's Pro Shop and Course Manager.

Please take the time to encourage your neighbors to join us on the golf course. We have several 'fun' leagues/groups: Men, Ladies and Mixed that welcome newcomers regardless of skill level. There are no Kathy Whitworths, Tiger Woods or Arnold Palmers here!!

At the March 14th SPS Resident Golf Association meeting you will determine who your next Association President will be. So give it thought now and recruit the person whom you feel will best represent your interests.

EDITORIAL *Joe Grigolevich, Editor*

On a really nice day recently, I found myself sitting out back under the big ole Oak tree just relaxing and enjoying the warmth of the sun and the gentle breeze as it washed across my face. With my eyes closed, my mind began to wander off into distant places and suddenly these phrases started popping into my head. I "love" strawberry shortcake! I "love" going to the beach! I "love" Sophia (Sophia is our cat). I "love" country music. I "love" my children. I "love" Paris in the Springtime. I "love" 'Charlie'. I

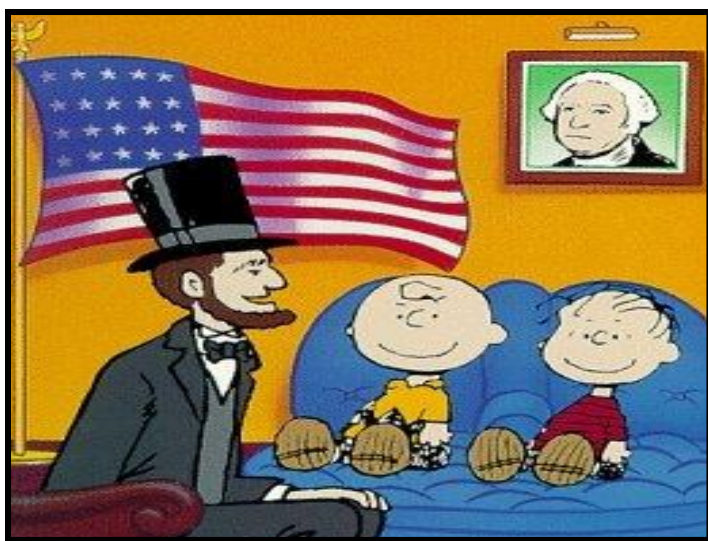

"love" the way she folds my underwear. I "love" God. I eventually fell asleep. When I awoke, I found myself smiling as I reflected on the thoughts that were running through my mind before I drifted off.

So here we are in the month of February, the month of LOVE and I find myself thinking about that lazy afternoon when I fell asleep thinking about the word. First of all, it seems the word is used a lot for a lot of things. Certainly to say "I love strawberry shortcake" can't mean the same as saying "I love my wife" or "I love Paris in the Springtime" or "I love the way she folds my underwear" or that "I love God". But wait a minute...maybe they do in fact all have something in common. As I think about it, there appears to be about six basic types of love: love of a spouse, love of a child, love of people, love of pets, love of something inanimate and love of God (not necessarily in that order). Studies have shown that all six types of love activate what's called "reward centers" in the brain. They also activate parts of the brain that sense physical feelings in the body which include a change in our heart rate. They also activate parts of the brain that control habitual behavior (when we spend a lot of time with the people and things we love, we want more of it).

It's been said that love is a divine energy. If you think about it, describing it as a "divine energy" kind of gives it perspective. As a reader of spiritual literature including the Bible, I eventually came to realize and understand that love is God and that God is love. So, what exactly does that mean? Clearly, love itself cannot exist without goodness and it cannot exist where there is hate. When we say the word "love", the energy that flows within us comes from the ultimate goodness that is within us. It's the divine energy we were born with. It's how and why God created us. In fact, one might say that love is the God that is within us. I often think of how lucky I was to have grown up surrounded by people who loved me unconditionally. A mom and a dad who sacrificed over and over because they loved their four sons the way they did. Grandparents that beamed whenever they saw us; always greeting us with a big hug. Aunts and Uncles who were like second parents; always there whenever we needed them. Cousins who were more like brothers and sisters than cousins. I had 48 first cousins and knew every one of them (we all lived and grew up within 25 miles of each other). Family get-togethers for one reason or another took place just about every week and the centerpiece of that amazing dynamic was a "Love" that was handed down from one generation to the next. It's been said that love makes the world go round. I believe that in every sense. I love 'Charlie', I love our kids and grandkids, I love our friends, I love strawberry shortcake and I love living here in Southport.

Happy Valentines Day Everyone!
